

Hauran Connection Sunday School Presentation Instructions

Materials:

- For general assembly presentation:

Read through the Lesson Plans document for ideas. Files to copy for this presentation include the Hauran Connection Map copy, and the picture of Metropolitan Saba with his remarks. There is included a poster, as well, if you choose to use it to mark a collection container or to decorate a bulletin board.

- Booklets:

The materials are written for three age-group divisions (Pre-K through 2nd grades, 3rd through 5th grades, and middle to high school).

To photocopy the booklets: Copy the first page with a blank back-side, for the cover of the booklet. If you don't have card stock, 24-lb. paper will do nicely for this and the rest of the booklet.

The next two pages should be copied as two sides of one sheet. The same with the last two pages. Not all of the half-pages have page numbers on them, so copying one set and folding the two sheets, one inside the other, will help you to see the proper order of the pages.
