**stories and activities to introduce students to tithing and much more!**

## Teacher Notes

This material is designed so that it can be customized to the needs of your class to best fit in with the other curriculum that you use.

For example, you could use the 5-10 minute format once a month for nine months using only some of the materials. Or you could use the longer 30-45 minute lessons during a five-week period. Feel free to adapt the lessons to be most useful in your setting.

Be sure to include personal stories of your own experience with tithing, generosity, and stewardship.

You can find additional materials, such as audio files of the stories, posters, coloring sheets, and links to other resources at [www.antiochian.org/tithe](http://www.antiochian.org/tithe). You may also download and adapt materials from lower or higher grade levels.

Be sure to visit the site to fill out an evaluation so that we can improve our materials to better serve you and your students.
