

An Important Statement from the Clergy of the Greater Detroit Area
March 6, 2009

We have heard, to our dismay, that our honored hierarchs, including Metropolitan Philip, are upset by a statement, which was recently circulated in the Greater Detroit Area, in support of the decision of the Holy Synod of Antioch, concerning all bishops in the See of Antioch. This letter is to clarify and articulate the true meaning of the statement. We, indeed, have no intention of hurting and/or intimidating any of our hierarchs. We sincerely apologize for any hurt caused unintentionally. As obedient children of the Holy Church, we accept, with humility, this historic decision with much gratitude. We assure our love and respect to all revered hierarchs, and we pray for a smooth transition for our Self-ruled Antiochian Archdiocese. May the Lord, our God, guide our steps.
