

Share With Us !

When you come to the Institute this year (2008), you will see a new addition to what we offer church school teachers and administrators. In a convenient public area, we will have tables available where you can share with your colleagues some of the great ideas you have found worked well in your educational programs. This can be a game, a cleverly done icon project, a model, special worksheets, etc. etc.

If you can share with us (1 per person, please), please complete the form attached, and e-mail to: pravosla68@yahoo.com, prior to October 22nd. On the form you will see all of the requirements/parameters.

When you arrive, we ask that you set your display up yourself, and take it down at the end of the workshops. The tables will go up on Thursday, with name of display provider at each spot. We ask that your display be up at least all day Friday and Saturday, if possible, so that most people can see it. We look forward to seeing your contributions! Please feel free to have worksheets/hand outs on your table with the how-tos!
